Letter of Appreciation

Dear Prof. Dr. A. Murat TUNCER,

I would like to express our gratitude to You and to colleagues from Hacettepe University for the hospitality extended during the implementation of the Erasmus Intensive Programme 'Library, Information and Cultural Management – Academic Summer School', held in the period from 8th to 21st September 2013 in Ankara!

All participants, students and lecturers from five countries - Turkey, Bulgaria, Croatia, France and Hungary, were impressed by the excellent conditions for teaching and recreation, which has generously provided to us.

Professionalism and kind attitude of our colleagues from the Department of Information Management at Faculty of Letters, headed by Prof. Dr. Serap Kurbanoğlu, remained unforgettable.

I am looking forward for the new initiatives for long-term and useful cooperation between our two institutions and for the development of created international network for library and information science education.

Yours sincerely,

Prof. DSc. Stoyan Deatchev
